<b>Foreword</b> . . . . .	ix
Corinne GRENIER	
<b>Acknowledgments</b> . . . . .	xiii
Jihane SEBAI and Bérangère L. SZOSTAK	
<b>Introduction. Social Innovation Through Design in Healthcare: An Emerging and Multidimensional Approach.</b> . . . . .	xv
Jihane SEBAI and Bérangère L. SZOSTAK	
<b>Chapter 1. Testimonial: Charting Ethical Courses, the Role of Care in a Designer's Journey</b> . . . . .	1
Antoine FENOGLIO	
1.1. Understanding, co-creating tools and practicing design in the interest of living better . . . . .	3
1.2. Care design and ethics: moving from service design to life care . . . . .	4
1.3. Toward a climate of care . . . . .	6
1.4. References . . . . .	7

<b>Chapter 2. Design and Demopraxy in Psychiatry</b> . . . . .	9
Marie COIRIÉ and Carine DELANOË-VIEUX	
2.1. Introduction and problematization . . . . .	9
2.2. Theoretical framework . . . . .	12
2.2.1. Understanding user participation in psychiatry . . . . .	12
2.2.2. Social design and partnership in health: ethical focus on the project. . . . .	15
2.3. Empirical experiments that involve users . . . . .	18
2.3.1. GHU reception policy . . . . .	20
2.3.2. The collaborative design of a new therapeutic resource: the healing space . . . . .	26
2.4. Lessons from the field. . . . .	35
2.4.1. Taking the characteristics of psychiatric patients into account . . . . .	35
2.4.2. Reshaping institutional governance in light of patient experience . . . . .	37
2.4.3. The humbleness of the proposals and the importance of the partnership process in the project . . . . .	39
2.5. Conclusion . . . . .	40
2.6. References . . . . .	43
<b>Chapter 3. The Value of Concept Maturity Levels in Healthcare: Shifting Toward More Agile, Inclusive and Responsible Ecosystems.</b> . . . . .	47
Mathias BÉJEAN and Anaïs GARIN	
3.1. Introduction. . . . .	47
3.2. Innovation ecosystems and actor alignment. . . . .	49
3.2.1. Orchestrating innovation ecosystems . . . . .	49
3.2.2. Concept maturity levels . . . . .	50
3.2.3. Targets and uses of CML in healthcare . . . . .	58
3.3. CML in practice: three illustrative cases. . . . .	62
3.3.1. Innovation design practices . . . . .	62
3.3.2. Facilitation practices by dedicated structures. . . . .	65
3.3.3. Innovation ecosystem orchestration practices . . . . .	67
3.4. CML to enhance agility, inclusiveness and responsibility in innovation ecosystems . . . . .	69
3.4.1. Toward more agile practices . . . . .	69
3.4.2. Toward more inclusive practices . . . . .	70
3.4.3. Toward more responsible practices . . . . .	72
3.4.4. Toward better alignment among actors . . . . .	73

3.5. Conclusion . . . . .	75
3.6. Acknowledgments . . . . .	75
3.7. References . . . . .	76

**Chapter 4. The Role of Companies in Co-creating Healthcare for All** . . . . . 81  
 Isabelle VÉRILHAC and Nathalie COHET

4.1. Introduction . . . . .	81
4.2. Design in healthcare companies: why and how? . . . . .	83
4.2.1. The design approach. . . . .	83
4.2.2. Health challenges to be addressed. . . . .	84
4.3. Examples of how companies are responding to health challenges . . . . .	86
4.3.1. Sigvaris Group: destigmatizing the use of medical devices . . . . .	87
4.3.2. Dessintey: better rehabilitation by taking contextual constraints into account . . . . .	89
4.3.3. Keranova: ensuring equal access to healthcare . . . . .	91
4.3.4. DTF Medical: for global health . . . . .	93
4.4. Discussion and conclusion . . . . .	94
4.5. References . . . . .	98

**Chapter 5. Testimony: A Historical Perspective of Social Innovation Through Design in Healthcare** . . . . . 101  
 Anne-Marie SARGUEIL

5.1. The Janus label certification: what role does it play in the healthcare sector? . . . . .	102
5.2. The IFD at the intersection of economics, society and life. . . . .	105
5.3. References . . . . .	111

**Chapter 6. Color Design and Therapeutic Nutrition to Restore a Sense of Taste in Old Age** . . . . . 113  
 Estelle GUERRY and Muriel GINESTE

6.1. Introduction . . . . .	113
6.2. Individualized care . . . . .	116
6.2.1. The aging patient. . . . .	117

6.2.2. Mealtime, a complex system . . . . .	121
6.2.3. Modified textures . . . . .	123
6.3. Color design: a therapeutic experience. . . . .	125
6.3.1. A therapeutic diet through color design. . . . .	126
6.3.2. Gourmet colors . . . . .	128
6.3.3. Texture/color combinations . . . . .	134
6.4. Conclusion . . . . .	135
6.5. References . . . . .	137
<b>Conclusion. Design in Healthcare: An Essential Bridge Between Standardized Medicine and Artisanal Medicine.</b> . . . . .	141
Jihane SEBAI and Bérangère L. SZOSTAK	
<b>List of Authors</b> . . . . .	147
<b>Index</b> . . . . .	149
