<b>Introduction . . . . .</b>	ix
Esoh ELAMÉ	
<b>Chapter 1. Intercultural and Sustainable Urban Planning . . . . .</b>	1
Esoh ELAMÉ	
1.1. Introduction . . . . .	1
1.2. Did you say modern urban planning? . . . . .	4
1.3. Sustainable urban planning: beyond the effects of fashion . . . . .	8
1.4. The sustainable city: a process and a product of sustainable urban planning . . . . .	14
1.5. Sustainable urban planning and the challenges of diversity in an urban context . . . . .	16
1.6. The convergences between intercultural urban planning and sustainable urban planning in concrete terms. . . . .	19
1.7. The place of urban planning in the intercultural city. . . . .	21
1.7.1. Religious diversity in the city. . . . .	22
1.7.2. Cultural diversity in the city . . . . .	23
1.7.3. Sexual orientation diversity in the city . . . . .	25
1.7.4. Gender diversity . . . . .	26
1.7.5. Diversity related to persons with reduced mobility (PRM) . . . . .	29
1.8. Intercultural sustainable urban planning and the 2030 Agenda . . . . .	34
1.9. The New Urban Agenda and the demands of intercultural sustainable urban planning . . . . .	35
1.10. Conclusion . . . . .	36
1.11. References . . . . .	37

<b>Chapter 2. Understanding the Challenges of Postcolonial Urban Planning in Sub-Saharan Cities . . . . .</b>	41
Esoh ELAMÉ	
2.1. Setting the context . . . . .	41
2.2. Theoretical framework: on the road to postcolonial urban planning . . . . .	42
2.3. Methodological framework . . . . .	47
2.4. Results: lessons to be learned from the urban planning crisis in sub-Saharan African cities . . . . .	47
2.4.1. Pre-colonial urban production: a heritage to be developed . . . . .	48
2.4.2. Classical colonial urban planning . . . . .	52
2.4.3. De-colonial urban planning . . . . .	56
2.4.4. There is only one step from post-colonial to neo-colonial urban planning . . . . .	58
2.5. Discussion: toward postcolonial urban planning in sub-Saharan cities . . . . .	61
2.5.1. Decontextualized urban development models . . . . .	61
2.5.2. Escaping the confusion between urban planning and urbanization . . . . .	62
2.5.3. Enhancing pre-colonial urban planning . . . . .	62
2.5.4. The future of the colonial urban legacy . . . . .	63
2.5.5. The future of endogenous knowledge in urban planning and architecture . . . . .	64
2.5.6. Making the case for postcolonial urban planning in sub-Saharan cities . . . . .	67
2.6. Conclusion . . . . .	70
2.7. References . . . . .	71
 <b>Chapter 3. A New Sustainable City in Southern Algeria: Ayrem Ajdid of Tafilelt in Ighzar n'Mzab . . . . .</b>	75
Nora GUELIANE	
3.1. Geographic setting and field survey . . . . .	75
3.2. Presentation of the project . . . . .	80
3.2.1. The genesis of the project: Tafilelt, a step toward sustainability . . . . .	82
3.3. Conclusion . . . . .	105
3.4. References . . . . .	107
 <b>Chapter 4. The Problem of Endogenous Urban Greening of Cities in the Congo Basin . . . . .</b>	111
Esoh ELAMÉ	
4.1. Introduction . . . . .	111
4.2. Conceptual clarification . . . . .	112
4.3. Tools and methods . . . . .	114

---

4.4. Results . . . . .	115
4.4.1. Cities in the Congo Basin are primarily forest cities . . . . .	115
4.4.2. Vegetation in the cities of the Congo Basin is no longer a given . .	116
4.4.3. Failure to take into account ancestral knowledge of urban greening such as sacred natural sites in urban governance . . . . .	117
4.5. Discussion . . . . .	123
4.6. Conclusion . . . . .	125
4.7. References . . . . .	126
<b>Chapter 5. The Contribution of Space Technologies in Understanding Environmental Devastation Due to Climate Change in African Cities: The Case of Kribi, Cameroon . . . . .</b>	129
Philippe MBEVO FENDOUNG	
5.1. Introduction . . . . .	129
5.2. Tools and working method . . . . .	131
5.2.1. Presentation and location of the study area . . . . .	131
5.2.2. Image acquisition and processing . . . . .	133
5.2.3. Calculating surface temperatures from the Landsat 7 thermal band . . . . .	134
5.3. Results, analysis and discussion . . . . .	136
5.3.1. Evolution of climatic parameters in the city of Kribi . . . . .	136
5.3.2. The different major climatic risks recorded in the city of Kribi . .	141
5.3.3. Modeling the dynamics of land use in and around the city of Kribi . . . . .	144
5.3.4. Adaptation and sustainable management of environmental disruption measures in the city of Kribi . . . . .	148
5.3.5. A geomatics solution: setting up a geographic database (GIS) for sustainable flood management in the city of Kribi . . . . .	152
5.3.6. The creation of a new town in Kribi . . . . .	154
5.4. Conclusion . . . . .	154
5.5. References . . . . .	155
<b>Chapter 6. Sustainable Planning in the Context of Agro-Industrial Land Allocations in Cameroon: The Case of the Town of Nanga-Eboko . . . . .</b>	159
Joseph-Éric NNOMENKO’O	
6.1. Introduction . . . . .	159
6.2. Theoretical framework: the stakeholder game approach . . . . .	160
6.3. Methodology . . . . .	161

6.4. Location and socio-economic characteristics of the town of Nanga-Eboko . . . . .	163
6.5. Results/analysis: the social context of agro-industrial land allocations in Nanga-Eboko . . . . .	164
6.5.1. The ecosystem of agro-industrial land allocations: actors, issues and actor strategies . . . . .	164
6.5.2. Types of land conflicts generated by agro-industrial land allocations in Nanga-Eboko . . . . .	165
6.6. Precariousness of the socio-economic fabric of Nanga-Eboko notwithstanding the agro-industrial land allocations that prevail there: inventory of some basic infrastructures . . . . .	166
6.6.1. Water infrastructure . . . . .	167
6.6.2. Electrical infrastructure . . . . .	168
6.6.3. The road network . . . . .	168
6.6.4. The sanitary network . . . . .	168
6.6.5. Basic education . . . . .	168
6.7. Recommendations: inclusive and concerted agro-industrial land allocations as a guarantee for the sustainable town in Nanga-Eboko, and at the macro scale of Cameroon. . . . .	169
6.7.1. Breaking with the omerta . . . . .	169
6.7.2. The imperative of inclusive land governance . . . . .	171
6.7.3. Developing a genuine land policy . . . . .	174
6.8. Conclusion . . . . .	175
6.9. References . . . . .	176
<b>Conclusion . . . . .</b>	<b>179</b>
Esoh ELAMÉ
