<b>Introduction</b> . . . . .	xi
Florence BURGAT	
<b>Chapter 1. Extraction and Captive Management of Wild Animals, 18th Century to Present Day</b> . . . . .	1
Violette POUILLARD	
1.1. Preamble: ancient practices . . . . .	1
1.2. Birth of the modern zoo: new forms of animal captivity . . . . .	2
1.3. The rise of the animal trade . . . . .	5
1.4. A collective appropriation of wildlife . . . . .	7
1.5. The confinement of wild animals . . . . .	9
1.6. Zoo ethics . . . . .	12
1.7. Captive breeding . . . . .	14
1.8. Capture and conservation . . . . .	17
1.9. References . . . . .	18
<b>Chapter 2. Pig Welfare in China</b> . . . . .	25
Peter J. LI	
2.1. Introduction . . . . .	25
2.2. Pig farming: an overview . . . . .	26
2.2.1. History . . . . .	26
2.2.2. Contemporary China . . . . .	28
2.2.3. The reform era (1978–the present) . . . . .	29
2.2.4. Pig farming with Chinese characteristics . . . . .	31
2.3. Animal welfare . . . . .	35
2.3.1. A new challenge . . . . .	35
2.3.2. Breeding sow welfare . . . . .	36
2.3.3. Live transport . . . . .	37
2.3.4. Culling and slaughter . . . . .	38

---

2.4. Conclusion . . . . .	40
2.5. References . . . . .	42
<b>Chapter 3. Dogs “Outside the Law”: An Ethnographic Look at Animal Lives in South Korea . . . . .</b>	<b>47</b>
Julien DUGNOILLE	
3.1. Introduction . . . . .	47
3.2. Talking about South Korean dogs in order to talk about animal lives. . . . .	49
3.2.1. The socio-cultural context of dog meat consumption . . . . .	49
3.2.2. “Animal welfare” in Korean legislation. . . . .	52
3.3. Animal lives in markets . . . . .	55
3.3.1. Introducing Moran Market . . . . .	55
3.3.2. Ethnographic overview. . . . .	57
3.4. On the condition of the dogs . . . . .	60
3.5. Conclusion . . . . .	62
3.6. References . . . . .	63
<b>Chapter 4. The Legal Status of Animals in European Law . . . . .</b>	<b>67</b>
Fabien MARCHADIER	
4.1. Introduction . . . . .	67
4.1.1. Emergence of a legal protection of the animal by the European Union . . . . .	67
4.1.2. Realization of the legal protection of animals by the European Union: the concept of welfare . . . . .	70
4.2. Institutionalized suffering. . . . .	72
4.2.1. Inevitable suffering. . . . .	72
4.2.2. Justifiable suffering. . . . .	75
4.3. Normalized suffering . . . . .	77
4.3.1. Living conditions . . . . .	78
4.3.2. Mutilation . . . . .	80
4.4. List of abbreviations. . . . .	83
4.5. References . . . . .	83
<b>Chapter 5. How Do the Regulations and the Various Stakeholders Take the Pain of Animals Subjected to Experimental Procedures into Account? . . . . .</b>	<b>85</b>
Muriel OBRIET	
5.1. Animal experimentation: figures and regulatory approach to animal pain . . . . .	85
5.1.1. European Commission reports . . . . .	85
5.1.2. Global data on animal experimentation . . . . .	86
5.1.3. Data on the suffering of animals subjected to experimentation . . . . .	87
5.1.4. Assessment of pain in animals and practices that are ethically acceptable according to the Directive . . . . .	88

---

5.1.5. Silenced pain and suffering . . . . .	91
5.2. How are the regulations regarding the assessment of pain in animals used for scientific or educational purposes applied? . . . . .	93
5.2.1. Upstream of the project. . . . .	93
5.2.2. At the time of project design. . . . .	94
5.2.3. Before the start of the project . . . . .	96
5.2.4. During and after the project . . . . .	97
5.3. The obstacles to taking animal interests into account. . . . .	100
5.3.1. Market law and globalization . . . . .	100
5.3.2. The power of lobbyists . . . . .	101
5.3.3. Intentions but a lack of voluntarism . . . . .	102
5.3.4. A biased and uninformed evaluation of projects . . . . .	103
5.3.5. Lack of qualifications of personnel using animals . . . . .	104
5.4. Conclusion . . . . .	106
5.5. References . . . . .	107
<b>Chapter 6. Altruism Towards Animals and the Economy. . . . .</b>	<b>111</b>
Romain ESPINOSA	
6.1. Introduction . . . . .	111
6.2. Methods for assessing altruism towards animals . . . . .	113
6.2.1. Utility, social welfare and willingness to pay . . . . .	113
6.2.2. Measuring willingness to pay for animal welfare . . . . .	115
6.3. Main results . . . . .	117
6.3.1. Examples of spontaneous market developments and altruism for animals . . . . .	118
6.3.2. Examples of legislative developments and altruism for animals . . . . .	119
6.3.3. Meta-analyses of the willingness to pay for animals. . . . .	122
6.3.4. Is willingness to pay the result of altruism? . . . . .	123
6.3.5. Does social pressure affect our altruism towards animals? . . . . .	124
6.4. Limitations and perspectives . . . . .	125
6.5. References . . . . .	126
<b>Chapter 7. Causing Pain versus Killing . . . . .</b>	<b>129</b>
Tatjana VIŠAK	
7.1. Introduction . . . . .	129
7.2. Animals and the harm of death . . . . .	131
7.2.1. Frustration of wants. . . . .	132
7.2.2. Deprivation of value/life comparative view . . . . .	133
7.3. Population ethics. . . . .	134
7.4. Metaethics . . . . .	137
7.5. Conclusion . . . . .	138
7.6. References . . . . .	139

<b>Chapter 8. Wild Animal Suffering</b> . . . . .	141
Oscar HORTA	
8.1. What does the term “wild animal suffering” mean? . . . . .	142
8.1.1. The harms we are talking about when we speak of wild animal suffering . . . . .	142
8.1.2. The animals we are talking about when we speak of wild animal suffering . . . . .	144
8.1.3. Other related terms . . . . .	144
8.2. What the lives of wild animals are like . . . . .	145
8.2.1. Factors causing wild animals to suffer . . . . .	145
8.2.2. The extent of the harms wild animals suffer . . . . .	146
8.2.3. Some promising ways of helping animals in the wild . . . . .	147
8.2.4. Vaccination . . . . .	148
8.2.5. Rescuing animals affected by weather events . . . . .	148
8.2.6. Helping animals living in urban, suburban, industrial and agricultural areas . . . . .	149
8.2.7. Contraception . . . . .	149
8.2.8. Reducing overall wild animal suffering in different ecosystems . . . . .	150
8.3. The ethical case for helping wild animals, summarized . . . . .	150
8.4. Epistemic objections. . . . .	151
8.5. Promoting scientific work in welfare biology . . . . .	152
8.5.1. How previous work can be very useful . . . . .	152
8.5.2. Why cross-disciplinary work is needed. . . . .	153
8.5.3. Benefits for the consideration of the problem and for policymaking . . . . .	154
8.6. Conclusion . . . . .	155
8.7. References . . . . .	156
<b>Chapter 9. Reflections on the Ethics of Veterinary Medicine</b> . . . . .	161
Philippe DEVIENNE	
9.1. Introduction . . . . .	161
9.2. Is medical practice ethical? . . . . .	162
9.2.1. Veterinary medicine is the result of a scientific practice... . . . .	162
9.2.2. ... which establishes deontic actions qualified as irreproachable... . . . .	164
9.2.3. ... while science cannot be the guardian of morality . . . . .	165
9.3. What kind of ethics? . . . . .	166
9.3.1. From Principles to casuistry . . . . .	167
9.3.2. Intermediate versions between the great principles and casuistry . . . . .	170
9.3.3. A profession subject to the economics of its business . . . . .	175
9.4. Another view. . . . .	177
9.4.1. Breaking out of the circle of ethical justifications... . . . .	177
9.4.2. ... to improvise relationships to other animals... . . . .	179
9.4.3. ... in a singular relationship of humanity . . . . .	180

9.5. Conclusion . . . . .	181
9.6. References . . . . .	181
<b>Chapter 10. Pain and Fear in Fishes: Implications for the Humane Use of Fishes . . . . .</b>	<b>185</b>
Lynne U. SNEDDON	
10.1. The use of fishes . . . . .	185
10.2. Pain in fish . . . . .	187
10.2.1. Whole animal responses to pain . . . . .	188
10.2.2. Motivational alterations . . . . .	191
10.3. Fear in fish . . . . .	192
10.3.1. Neural substrate of fear . . . . .	192
10.3.2. Consistent suite of fear responses . . . . .	194
10.3.3. Impact of anti-anxiety drugs . . . . .	196
10.4. Implications in the use of fishes. . . . .	197
10.5. Conclusion . . . . .	200
10.6. References . . . . .	201
<b>Chapter 11. Welfare, Sentience and Pain: Concepts, Ethics and Attitudes . . . . .</b>	<b>211</b>
Donald M. BROOM	
11.1. Welfare . . . . .	211
11.2. One health, one welfare, one biology. . . . .	214
11.3. Sentience . . . . .	215
11.4. Pain . . . . .	217
11.5. Welfare and moral actions. . . . .	219
11.6. References . . . . .	221
<b>Conclusion . . . . .</b>	<b>227</b>
Emilie DARDENNE
